

Enes Bakadur

Frontend Developer & UI/UX Designer

 enesbakadur.com  enesbakadur@outlook.com  +90 (553) 071 00 17  Osmangazi, Bursa

Professional Summary

I combine frontend development with UI/UX design, contributing to the entire digital product development process, from initial concept and design to frontend implementation. I build user-centered, responsive, and maintainable interfaces using Figma, Next.js, React, TypeScript, and Tailwind CSS.

Skills & Technologies

Frontend: Next.js, React, JavaScript, TypeScript, HTML, CSS, Tailwind CSS

Design: Figma, Adobe Photoshop, Adobe Illustrator

Professional Experience

Turkticaret.Net – UI/UX Specialist – Full-time *(September 2025 - Present)*

- Designed a company-wide design system to establish scalable and consistent user interfaces, applying it across product screens.
- Design the company's web interface in Figma and manage the product and UI design process for its implementation using Next.js.
- Designed the user interface of the company's mobile application, which is currently available on app stores.
- Handle end-to-end web projects, from requirements analysis and UI/UX design to frontend development using Next.js.

Ürünver Mühendislik - Frontend Developer - Full-time *(December 2022 - May 2023)*

- Developed web interfaces for international cryptocurrency projects using Next.js, TypeScript, and Tailwind CSS. Project names cannot be disclosed for confidentiality reasons.
- Implemented required revisions to the existing frontend of another cryptocurrency project built with PHP.

Rihet Software & Consulting - Frontend Developer - Freelance *(July 2022 - October 2022)*

- Developed responsive layouts and user interfaces for the company's kolaydiyetisyen.com project, following the existing design using React, JavaScript, and Material UI.

Clockwork Agency - Frontend Developer - Intern *(February 2022 - June 2022)*

- Built static and responsive web layouts using UIKit and Bootstrap, while supporting small-scale frontend development tasks across various company projects.
